

Genetics for Generations

At Koester Red Angus, we focus on optimums, not maximums, to produce cattle that are balanced in all traits. We strive to develop efficient, maternal cattle that combine performance, structural soundness and phenotype from the moment their progeny hit the ground until they hang on the rail.

By blending trait-leading genetics with proven outcross lines, we enhance economic traits to keep us all in the beef business for this generation and generations to come.

Scrotal measurements taken Feb. 5, 2008

Weights taken Feb. 8, 2008

The Koesters:
Shaye, Tracey, Kacey and Steve.

02/08/2008 Wt 1430. Here is a calving-ease bull that really puts it all together. Check out his breed ranking for his WW, YW, Milk, and Total Maternal numbers. His dam, a first-calf heifer, did a great job of raising her first calf earning an MPPA of 103.2 with a picture-perfect udder. This bull catches everyone's eye. **Selling 2/3 interest and full possession.**

Koester Big League 619, Lot 24.

02/08/2008 Wt 1525. Here is a true cowboy bull - very long, deep and really stout. This bull will add pounds to any calf crop and do it with style. His dam, 3145, is a very long-profiling, deep-ribbed, excellent-uddered cow that keeps her condition very well. It is very hard to beat the phenotype of the 1244G females. His dam has an MPPA of 102.9.

02/08/2008 Wt 1450. Here is another favorite of ours because of his overall mass. 614 offers that extra length, depth and rib capacity that can be hard to find. His dam, 3363, is a great 807 daughter that has a perfect udder and has that extra length and rib capacity. This is a genetic mating that rarely misses - Major League x Highlight 807. His dam has an MPPA of 100.6.

Koester Big League 614, Lot 25.

Koester Big League 612, Lot 26.

02/08/2008 Wt 1370. This bull is the complete package - long, deep and thick in a moderate frame. He should work well on heifers and, with Chateau on the bottom of the pedigree, he will produce very functional females. His dam is one of our favorite females - moderate in size and phenotypically flawless including a very nice udder. His dam has an MPPA of 100.7. **Selling 2/3 interest and full possession.**

02/08/2008 Wt 1330. Here's another Major League x Grand Canyon 1244G - a combination that assures muscle and depth of rib. A combination that is essential for functional females. Don't overlook this guy sale day - his daughters will be good. His dam has an MPPA of 101.2.

Koester Big League 617, Lot 27.

KOESTER RED ANGUS

Koester Surprise 632, Lot 28.

02/08/2008 Wt 1375. Here is a bull sired by our calving-ease sire, Red Surprise 487. His sire is an outcross to most red genetics and we have used him very successfully on heifers. 632 offers that extra depth and spring to his rib, along with extra width out over his top and down through his quarter. His dam has an MPPA of 102.6.
